Public health pesticide for the control of Termites
Suspension Concentrate
MOCCAE Registration No DXB-AD-140-604938
1 Litre
Pesticide Description:
Altriset is a suspension concentrate that contains 200 grams of the active ingredient (Chlorantraniliprole) which is an Anthranilic Diamide insecticide. Altriset is intended for use as a remedial and/or preventive termite control product in both pre- and post-construction situations. Altriset is effective against subterranean termites, including species of (Reticulitermes, Coptotermes, and Heterotermes). Altriset provides control of localized infestations of dry wood termites, including species of (Incisitermes, Cryptotermes & Marginitermes). Altriset is effective against arboreal termites, including Nasutitermes.

MAXIMUM TYPE AREA
95.25mm x 69.85mm
Composition:
Active Ingredient:
Chlorantraniliprole 18.4% W/V
Inert Ingredients 81.6% W/V

Total 100% W/V

Application and use Rates:
For best results, clean application tanks, hoses, and nozzles prior to mixing Altriset, especially if the tank has been used to apply a repellent termicide. Altriset must be mixed in water and applied as a dilute finished mixture as per the following:
• Low termite infestation: 2.7 ml per 1 liter of water. 270ml per 100 liters of water.
• Severe termite infestation: 5.4 ml per 1 liter of water. 540ml per 100 liters of water.
Sites of Applications:
- Post-construction: Post construction (combined with other primary termite treatment).
- Termite treatment (non structural) such as (posts, poles, trees & firewood)
- Dry wood termite control.
- To use for remedial & preventive treatments.
- For wood surface and wood injection.
- Use with foam application.
- Use for crawl space, plenum, concrete slab, basement construction, garages, interior concrete floors, bath traps, drain pipes, utility penetration, shower drains & sub slab application.
- Primary termite treatments (use with bait products & with wood treatments).

MAXIMUM TYPE AREA
95.25mm x 69.85mm
First Aid & Antidote:
In case of ingestion: Seek medical attention immediately. Never induce vomiting unless it is expressly directed by the physician. Rinse the mouth with water. Do not give anything by mouth to an unconscious person. In case of skin contact: Remove contaminated clothing and wash it before further use. Wash the skin with a lot of water. In case of problem consult a specialist. In case of eye contact: Wash affected eye by running water. If there are contact lenses in the eyes remove them and continue washing the eyes. In case of problem consult a specialist.

Warranty Statement:
The company guarantees the stability of the chemical & physical specifications in its original container under the normal storage conditions in UAE until its expiry date.

Tellurium (Tellurium):
Tellurium is a metallic gray element. It is a semi-metallic element that is toxic to humans. It is used in the production of semiconductors and is also used in the production of electronic devices. It is also used in the production of pharmaceuticals.

Telltale (Telltale):
Telltale is a device that is used to indicate the presence of a signal. It is a mechanical or electronic device that is used to indicate the presence of a signal. It is used in the production of electronic devices and in the production of semiconductors.

Tellurium is a metallic gray element. It is a semi-metallic element that is toxic to humans. It is used in the production of semiconductors and is also used in the production of electronic devices. It is also used in the production of pharmaceuticals.

Precautionary Statements:
After the product has been diluted in accordance with label directions for use, wearing shirt, pants, socks and shoes would be sufficient.
Follow manufacturer’s instructions for cleaning & maintaining PPE.
If no such instructions for cleaning are available, use detergent and hot water.
Keep and wash PPE separately from other laundry.
When used as directed, this product does not present a hazard to humans or domestic animals.
Personal Protective Equipment (PPE) Mixers and loaders must wear:
• Shirt and long pants.
• Shoes plus socks.

MAXIMUM TYPE AREA
95.25mm x 69.85mm
Storage and Disposal:
Pesticide Storage:
- Do not store product in temperatures below 32 degrees F. Store product in original container only in a location inaccessible to children and pets.
- Do not contaminate water, other pesticides, fertilizers, food or feed in storage. Not for use or storage in or around the house.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facilities.

User’s risk:
Since the manufacturer cannot control the application, use, storage or processing of the product, the user bears the risk for damage resulting from factors beyond the manufacturer’s control.

التخزين والتخلص من العبوات الفارغة:
تخزين المبيد:
- لا تخضع المبيد أثناء التخزين لدرجات حرارة أقل من درجة فهرنهايت (صفر درجة مئوية). تخزين المبيد في عبواته الأصلية يمكنه يصعب على الأطفال والحيوانات الأليفة الوصول إليه.
- لا تلوث المياه والمبيدات الحشرية الأخرى، الأشرطة والأغذية أو الأعلاف في التخزين. ليس للاستخدام أو التخزين في جميع أنحاء المنزل.

العبوات الفارغة (المستعملة): النفايات الناتجة من استخدام هذا المنتج يجب التخلص منها في مواقع مخصصة كمنشأة للتخلص من النفايات.

مسؤولية المستعمل:
يتولى المستعمل مسؤولية كل الأخطار والأضرار الناتجة عن عوامل ليست من إرادة الصانع. لا يتولى الصانع أي ضرر ناتج عن استعمال أو تخزين غير مطابق للتصويبات.
Storage and Disposal:

**Pesticide Storage:**
- Do not store product in temperatures below 32 degrees F. Store product in original container only in a location inaccessible to children and pets.
- Do not contaminate water, other pesticides, fertilizers, food or feed in storage. Not for use or storage in or around the house.

**Pesticide Disposal:**
Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facilities.

**Manufacturer:** Syngenta Crop protection AG

**Country of Origin:** U.S.A.
